Do you know the answers to Kevin's questions?
Thanks
Ken

File(s): FIDUSV~1.DOC; FIDUSL~1.DOC

Kevin
I have been asked to write a letter to Fidus to get an explanation, in writing, regarding their FDT-232 ventilation testing unit referenced in the

MA regulation. I have attached two letters; one asking questions, and one indicating our understanding of the FDT-232 instrument. Please review the letters and tell me which one is better to send to obtain the needed clarification.
Thanks
Ken
